State News.

The Coal & Coke Railway will build from Roaring Creek Junction to Elkins, a distance of eight miles this year.

The State Sunday School Association will meet at Charleston April 19, 20 and 21.

A decision on the two cent fare will be handed down by the Supreme Court in a few days. The Coal & Coke is the first road to make a test. If the court holds the law to be unconstitutional on its face it will apply to all the railroads. If the law is declared invalid as it applies to the Coal & Coke the cases of the trunk lines will be tried on their merits.

The C. & O. railroad, it is said, is planning to put on immense passenger engines on this division to take the place of the big double headers that are now being operated. The new engines are of the type of the Northern Pacific and on the Virginian, being about 80 feet long with 8 big drivers on each side, and engineers' cab in front of the engine. Each engine requires two firemen with one engineer. One of these engines will take the place of two of the big ones now in use.—W.Va. News.

Two boys near Arden, Barbour county attempted to wreck a passenger train last week by placing horse shoes on the track next to the river, making them secure by driving the ends into the ties. The boys will likely be sent to the reform school at Pruntytown.

The State Board of Agriculture estimates the value of the field crops of West Virginia for the year 1909 at \$18,362,839; fruit at \$2,332,631; which includes \$1,867,343 worth of apples; and live stock at \$44,618,929 (of which 295,975 are horses valued at \$22,829,000, and 572,975 cattle at \$17,189,250.) The products of West Virginia farms are thus totalled at \$65,314,000.

Accused of extravagance during the campaign of 1908 candidates loudly proclaimed themselves favorable to retrenchment yet the per diem and mileage of the Senate jumped from \$18,804.10 in 1908 to \$26,170.30 in 1909 or an increase of almost \$8,000. The house showed an increase over the expenditures of the regular session 1907 of which about \$6,000, this expense mainly including superfluous attaches. The increase in the general appropriation of 1909 over 1908 was over \$300,000.

William Bond, whose disappearance from Charleston some months ago, caused an investigation of his accounts as ticket agent for the K. & M. and Coal & Coke railroad with the result that about \$1,300 was discovered to be missing, returned to Charleston last week and gave himself up to the police. Bond stated that he had been in the East and in Europe, but that his conscience got the better of him and compelled his return. He was allowed to enter a plea of guilty, upon the recommendation of the railroad's counsel and was given the minimum sentence, two years in the penitentiary.

Attorney Robert Essex will be the first to test Judge Bennett's recent divorce ruling, which states that the defendant shall not remarry. A client of Mr. Essex was recently in divorce proceedings which were instituted by the client's wife. Judge Bennett granted the woman an absolute divorce but issued an order restraining the man from marrying again. According to the Judge's ruling the man will have to bring divorce proceedings against his former wife who is no longer his wife. Mr. Essex' client is desirous of marrying again and the testing of Judge Bennett's ruling will be watched with interest.—Fayette Tribune.

At a meeting of Governor Glasscock, the board of control and the state humane society, last Thursday night in Charleston, it was decided to erect the proposed state home for orphan children at Elkins. Messrs. Lakin, Sheppard and Shanley were appointed a

committee, following the conference, to go to Huntington and investigate the matter of this building of a bridge over the Ohio river, the approaches of which, it is understood, will be on the ground belonging to Marshal College.

There is a boundary line contest on between Greenbrier and Fayette counties. About 16,000 acres are in controversy.

White Sulphur Springs, which was recently purchased by interests identified with the C. & O., is undergoing improvements that will cost \$75,000. Captain Harry Frazier, engineer for the company is in charge of the work. The grounds and buildings will be illuminated with electricity, and men are at work everywhere making tennis courts, a golf course, etc. A much greater sum will be expended next year. The season will open June 15. T. A. Baxter, late of the Chamberlain Hotel, at Old Point has taken charge as manager.

There are 827 miles of road in Greenbrier county and 12 miles of streets in incorporated towns.

The county court of Kanawha county has refused to grant license in Charleston. The council of that city recently granted permits to 29 applicants.

There are now bright prospects for an early settlement of the long pending Virginia-West Virginia debt controversy. Special Master Littlefield before whom the case was argued has reported that he will file his findings with the Supreme Court of the United States in about two weeks. This will probably mean the end of the case, for it is probable that the Supreme Court will approve the Littlefield report.

School Reports.

Report of the Pleasant Valley school for the year of 1909-10. No. of pupils enrolled 15, 7 boys and 8 girls. The school was in session 119 days. Average daily attendance, boys 6; girls 6; per cent of daily attendance, boys 93; girls 95. Georgia Varner and Bessie Hannah were present every day. The school interest in the community is good.

J. L. DUNKLE, Dist. Supt.

Report of the Green Hill school for the year of 1909-10. No. pupils enrolled 22, 15 boys and 7 girls. The school was in session 119 days. Average daily attendance, boys 13; girls 6. Per cent daily attendance boys 99, girls 97.

The funniest thing is the mishap of a Parsons gentleman whose wife pays the storebill. He had been in the habit of having his cigar bills charged as potatoes, and the other day his wife took her pencil and began to reckon. She finally found they had eaten more than ten car loads of potatoes and she didn't believe the account was right. The grocer and the smoker are now between the upper and nether millstones, and it is hard to tell who will be pulverized the finest at the close.—Democrat.

New Postal Rule

Washington—Under a new rule put into effect by the post-office department, carriers will not be required to collect loose coins from rural mail boxes. Complaints against the practice have been numerous, the carriers declaring that it results in great delay in the collection and delivery of mail.

Estimates made by the post-office department indicate that 300,000,000 one-cent pieces are taken annually from letter boxes for the payment of postage on mail deposited.

It is suggested by the department that patrons should place coins in an envelope, wrap them securely in a piece of paper or deposit them in a coin-holding receptacle, so that they can be easily and quickly taken from boxes.

Carriers will be required to lift such coins when these conditions are complied with, and, where accompanied by mail for dispatch, attach the requisite stamps.

The above is correct as far as my memory serves me. I enlisted in Co. F. in March 1864 and remained in actual service until a short time after the surrender at Richmond, Va., April, 1865.

Case of Incendiarism.

A very plain attempt was made on Friday night of last week to burn the buildings owned by P. A. George & Co., and occupied by their drugstore and other tenants.

Mrs. Daly, a dressmaker, occupying a small apartment in the rear of the drugstore building was awakened about 12 o'clock by a noise on the rear steps, and discovered a blaze, which was found to be a piece of oily waste burning in a crevice of the steps. She awakened Mr. Homer H. George, who rooms on the second floor, and the fire was put out before it had gained headway on the building.

No motive has yet been found for the attempt, but it is said that that class are being followed and some evidence has been collected by State Fire Marshall Ellison, who is working on the case.—W. Virginian.

Land For Sale.

We have a few small farms yet left on our Hills Creek tract, and will sell on easy payments. This is choice Blue Grass land and must increase in value. See J. W. Wickline near Lobelia, W. Va. at once if interested.

Dunmore.

The weather has turned warm at last. It begins to feel like sitting on the business end of a tack for an early spring. If Montgomery Ward & Co. and Sears, Roebuck & Co. sold hay and grain by mail they could do a good business in our neighborhood now.

The house that John Sheets lived in near Sitlington, was burned one day last week with part of its contents, sustaining a considerable loss to Mr. Sheets. He has moved in June McElwee's house in Dunmore.

D. R. Taylor and A. W. Zinn, of Huttonsville, spent Sunday in town. Mr. Zinn is the undertaker who buried the man that died of leprosy at Pickens, and Randolph county paid him \$280 for the job. An undertaker buried a man who died of smallpox in Pocahontas county and it paid him \$25.00.

Mr. and Mrs. Brown McLaughlin's little child died Sunday, aged five days.

E. C. Pritchard, June McElwee, Wm. Geiger and C. B. Swecker attended county court.

Our roads have a few small holes in them.

The Shinberry sale was well attended for a rainy day. One man got full of enthusiasm and rain water and got the deal knocked out of him before the sale was over. Auctioneer Swecker will make Young's sale at Edray March 15, and Hamilton's big sale will commence the 18th at 9 o'clock a. m. sharp. Come early, bring your dinner and stay all day.

Resolutions of Respect.

Offered by Pocahontas Camp No. 5992 R. N. of A. in behalf of Neighbor Ella Walton's husband, James G. Walton.

Whereas, it has pleased the Great Father to remove from the home of our esteemed neighbor her beloved husband, therefore be it resolved:

First, That while we deeply mourn her loss, we bow in humble submission to His wise providence.

Second, That we assure the bereaved wife and children, that our every heart beats in sympathy with their grief and sorrow, and pray that great good may come of this sore affliction.

Third, That a copy of these resolutions be spread upon the minutes of the Camp; a copy sent to the bereaved family, and a copy sent to the Pocahontas Times, with the request to publish the same in their columns.

Resolutions of Respect

Adopted by Pocahontas Camp No. 5992, R. N. of A. in memory of P. G. and Grace B. Johnson's infant child.

Whereas, it has pleased our Heavenly Father to remove from the home of our esteemed neighbors their little son; That Pocahontas Camp No. 5992, R. N. of A. do hereby unseemingly adopt the following resolutions:

First, That we express our sympathy in this time of sorrow and bereavement, and commend them to the love and comfort of Him who doeth all things well.

Second, That a copy of these resolutions be sent to Neighbor Johnson and wife, a copy to the Pocahontas Times for publication and a record made of the same in the minutes of the Camp.

Millions of Live Lost.

An Awful Toll Collected by Consumption. Many Unnecessary Deaths from this Disease

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucus membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucic-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucic-Tone on our recommendation. Do not contract any obligation or risk when you try Rexall Mucic-Tone on our guarantee. We have Rexall Mucic-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. Remember you can obtain Rexall Remedies in Marlinton only at our store—The Rexall Store. The S. B. Wallace Drug Co.
